

# Digital objects – preservation and access

**Eva Stensköld**

**Ministry of Education and  
Research, Sweden**

# The Government Offices form a single authority

## The Government

- Government Offices – Prime Ministers Office, 11 government ministries and the Office for Administrative Affairs
- Around 4,600 members of staff are employed at the Government Offices, of whom around 200 are political appointees

# Ministry of Education and Research

POLITICAL LEADERSHIP

NON-POLITICAL AFFAIRS

**Minister for Education, Deputy Prime Minister**  
Jan Björklund

**POLITICAL STAFF**

**State Secretaries**  
Peter Honeth  
Bertil Östberg  
Ulrika Stuart Hamilton

**Political Advisers**  
**Press Secretary**

**Minister for Gender Equality, Deputy Minister for Education**  
Maria Arnholm

# Government Agencies

- Government agencies take and implement decisions on individual matters
- In principle, neither the Government nor an individual minister may determine the outcome of agencies' decisions on individual matters

# The E-infrastructure landscape

- **National (SUNET, SNIC, SweGrid)**
- **Nordic (NeIC, NeGI, NCM, Nordforsk)**
- **European (Eudat, Horizon 2020, ESFRI)**
- **Global (RDA)**

# Experiences from Sweden

- **Cultural sector – R&D sector=gap**
  - Responsibility
  - Organisation
  - Governance
  - Funding
  - National-nordic-european-global level

# The Digital cultural heritage roadmap for preservation

- **Common vision - common policies, processes, protocols**
- **Avoiding duplication**
- **Federated infrastructure**
- **Defined timelines, priorities and actions**
- **Follow the R&D society?**
